WASHINGTON NEWS ITEMS.

THE SILVER QUESTION.

WASHINGTON, Sept. 18.—Secretary Manning has now before him a question of grave interest to advocates of the silver cause, as well as to the opponents of the silver dollar. Mr. Fox, the new superintendent of the Philadelphia mint, wishes most of the standard dollars are coined, finds that the regular appropriation for this mint is being rapidly reduced and finally in coin silver. lat and the remaining one-third, \$12,500,000, will be paid in silver to the fiscal agent of the Chinese government, payable over a period of 10 years. The contract provides that China will be required to furnish the road and other facilities between proposed and other lines which offered New Zealand the contract for the construction of the equipment for the road at a stated price per mile. The Chinese government is anxious to attract labor and giving the contractors an interval of twenty years with a period of labor is.

...the fact having leaked out on the street a telegraphic firm which had not been admitted to the syndicate telegraphed to London asking that it be given the opportunity to consider the matter. The member of the firm who left for London on the first steamer put his notes on the subject in a case which contained the scheme as shown.

Another opportunity is seen to benefit not only the American bankers, but the American people. The thought and courage to under the the United States industries of this country a rapid development, and there would have been a rapid increase of the American people's income. The \$12,500,000 of our vastness of the United States, with a prospect of much more, is a way to a new way.
